Do you have the time to keep your website up-to-date? If so you are one of the few companies that has the time and leisure to maintain the website as well as managing your daily business. Most of the others, on the other hand, lack the time and often the expertise to manage a website professionally.

You can outsource your website updates to Bitpalast® easily and conveniently. Simply send us your update wishes by e-mail or fax or call us and tell us what you would like to change on your website. Bitpalast® will normally make the changes within 24 hours.

Included with the Bitpalast® Hosting Starter Servers, Small Enterprise Servers, Field Staff Servers, Artist's Servers, and Corporate Servers is the free-of-charge design of up to four HTML pages per month by professional Bitpalast® web designers. This is worth around € 92 (incl. sales tax)! Of course, you can update and change pages on your server yourself at any time at no cost.
